

WARRIOR TRAILS

By Robin Newcomer

As the days grow shorter school competition. Last Friday toward the time when the seniors will become alumni the excitement mounts. One of the sources of excitement is the all-night party at Disneyland, June 14-15, from 11 p.m. to 5 a.m. The class of '67 and their parents will be meeting in the cafeteria next Monday from 8:30 to 9 to discuss and plan for this anticipated event.

Once more West High proved that we're the best in inter-

received certificate of excellence. Debating teams made up of Steve Doyle and Ernie Park; Shirley Steinkerg and Brad Coombs were awarded superior certificates. Congratulations to all!

TODAY, TRY-OUTS were held for the ICC-sponsored all-school play "Harvey," a comedy by Mary Chase. They will also be held tomorrow at 3 p.m. in room 5203, so if you are interested in drama here is your chance to become involved in it.

Another opportunity to demonstrate your talent, this in creative writing, is also here. Arrowheads '67, our literary magazine of poems and

contributions from the student body. The deadline is March 8, so submit your works of art to either one of the editors, Kathy Fitzel or Chris Brose, soon!

THERE ARE committee sign-up sheets for the newly elected representatives in the House in Student Activities. The Publicity and Activities committees especially need members since they will be quite busy this semester.

Applications for a home for a foreign student next year are still being accepted. The West High area has still not provided a home for a student and unless we do we will not be able to have an AFS student next year. Let's not be the only Torrance high school without an exchange student. Applications can be picked up in the counseling office from Mrs. Graves or from Mr. LaFlour.

Tire Dealer Sees Sales Of 112 Million in 1967

More than 112 million passenger tires will be sold in the replacement market during 1967, William C. Heede, manager of the B. F. Goodrich Store in downtown Torrance, said this week.

Heede and some 300 B. F. Goodrich dealers, store managers, and sales representatives attended a marketing and advertising meeting in Inglewood to discuss the firm's plans for 1967.

"BFG will continue to support its retailers with concentrated advertising campaigns and sales promotion programs in local newspapers," Heede said.

Features of the 1967 program, he explained, will be the tire value calculator and a number of tire quality and safety programs.

Highlight of the conference was a progress report on the marketing of a new B. F. Goodrich radial tire. The tire was first introduced in Dallas, Tex., in 1965 and since then per cent more mileage, great stability and control, and states. It is expected to be available throughout the nation by the end of the year.

Chief advantages of the store is located at 1323 Cravens Ave.
